Tropicana Community Services makes a positive impact on the lives of  
 youth, newcomers and members of the Caribbean and Black commu-  
 nities by offering them a wide variety of programs and services.  
 Community support is critical in keeping our programs viable.

Please consider making a donation: \$10 will provide a child a lesson  
 on the steel pan; \$100 will give a young person the opportunity to  
 experience another city in Canada.

*The value is not in the amount, but in the difference it makes in  
 someone's life!*
