Independent Auditor's Report

To the Members of Tropicana Community Services Organization

We have audited the accompanying financial statements of Tropicana Community Services Organization (the "Organization"), which comprise the balance sheet as at March 31, 2014, the statements of revenues, expenses and changes in fund balances and of cash flows for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Organization as at March 31, 2014 and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Notes to the financial statements

March 31, 2014

1. Purpose of Organization

Tropicana Community Services Organization (the "Organization") is a charitable organization providing culturally appropriate social services in east Toronto, focusing on the needs of youth and the Caribbean and Black communities.

Through the cooperative efforts of staff, volunteers and community partners, the Organization provides counseling and other support programs to have an enduring positive impact in building a healthier community, by enhancing self-reliance and self-worth.

The Organization is a charitable organization under the Income Tax Act and therefore, is not subject to either Federal or Provincial income taxes.

2. Significant accounting policies

The financial statements have been prepared in accordance with Canadian accounting standards for Not-for-Profit organizations, using the restricted method for recognizing restricted contributions, and reflect the following policies:

Capital assets

Capital assets are recorded at cost and are amortized over their estimated useful lives at the following annual rates:

Building 2% straight line
Furniture and equipment 20% declining-balance
Computer equipment 33.33% declining-balance

Leasehold improvements are amortized on the straight-line basis over the term of the leases.

Revenue recognition

Restricted donations and grants are recognized as revenue of the appropriate restricted funds. All other restricted donations and grants for which no restricted funds have been established are deferred and recognized as revenue of the General Fund in the years in which the related expense are incurred. Unrestricted donations or grants are recognized as revenue of the General Fund.

Fund balance

Upon completion of each program and subsequent final settlement with the primary funding agency, any remaining fund balance is transferred into the General Fund balance, or as contracted with the Funder, included in the appropriate Restricted Fund.

Donated services

The work of the Organization is dependent on the voluntary services of many members. Due to the difficulty of determining the fair value of these services, they are not recognized in these financial statements and no official receipts are therefore issued.

Financial instruments

Financial assets and financial liabilities are initially recognized at fair value when Organization becomes a party to the contractual provisions of the financial instrument. Subsequently, all financial instruments are measured at amortized cost, except for investments. The Organization has elected to use the fair value option to measure term deposits, with any subsequent changes in fair value recorded in the Statement of revenue, expenses and changes in fund balances.

Deferred capital grants

Amounts received for the purchase of capital assets are recorded as deferred capital grants and are amortized at the same rate as the related capital assets.

The Organization has five Service Contracts/CFSA (Child and Family Services Act) Approvals with the Ministry of Community and Social Services and the Ministry of Children and Youth Services. The contracts require the completion of an annual program reconciliation report that summarizes by service, all revenues and expenses and identifies any resulting surplus or deficit.

12. Guarantees and commitments

(i) Guarantees

In the normal course of business, the Organization enters into agreements that meet the definition of a guarantee. The Organization's primary guarantees subject to the disclosure requirements of AcG-14 are as follows:

a) The Organization has provided indemnities under lease agreements for the use of various operating facilities. Under the terms of these agreements the Organization agrees to indemnify the counterparties for various items including, but not limited to, all liabilities, loss, suits, and damages arising during, on or after the term of the agreement. The maximum amount of any potential future payment cannot be reasonably estimated.

12. Guarantees and commitments (continued)

(i) Guarantees (continued)

- b) Indemnity has been provided to all directors and or officers of the Organization for various items including, but not limited to, all costs to settle suits or actions due to association with the Organization, subject to certain restrictions. The Organization has purchased directors' and officers' liability insurance to mitigate the cost of any potential future suits or actions. The term of the indemnification is not explicitly defined, but is limited to the period over which the indemnified party served as a director or officer of the Organization. The maximum amount of any potential future payment cannot be reasonably estimated.
- c) In the normal course of business, the Organization has entered into agreements that include indemnities in favour of third parties, such as purchase and sale agreements, confidentiality agreements, engagement letters with advisors and consultants, outsourcing agreements, leasing contracts, information technology agreements and service agreements. These indemnification agreements may require the Organization to compensate counterparties for losses incurred by the counterparties as a result of breaches in representation and regulations or as a consequence of the transaction. The terms of these indemnities are not explicitly defined and the maximum amount of any potential reimbursement cannot be reasonably estimated.

The nature of these indemnification agreements prevents the Organization from making a reasonable estimate of the maximum exposure due to the difficulties in assessing the amount of liability, which stems from the unpredictability of future events and the unlimited coverage offered to counterparties. Historically, the Organization has not made any significant payments under such or similar indemnification agreements and therefore no amount has been accrued in the balance sheet with respect to these agreements.

(ii) Commitments

The Organization has the following minimum lease commitments under operating leases, the latest expiry date of which is May 31, 2019:

2015	111,302
2016	160,023
2017	78,776
2018	59,164
2019	55,242
2020	9,207
	473,715

13. Financial instruments

Fair value

The fair value of the Organization's accounts receivable, accounts payable and accrued liabilities and amount due to funders approximates their carrying value due to their short-term maturity.

The Organization manages the risks associated with financial instruments as follows:

- Credit risk is the possibility that other parties may default on their financial obligations. The
 Organization manages its credit risk by renewing the allowance for potential credit losses on a
 regular basis.
- Interest rate risk is the risk that the fair value of financial instruments will fluctuate due to changes in
 market interest rates. The Organization manages this risk on investments by investing in short term
 investments, which limits exposure to this risk. The Organization's mortgage is at a fixed rate which
 allows The Organization to manage future cash flows.
