

CyberSecure Together:

Intergenerational Cyber Security Program

Technology is everywhere—but are you truly protected?

Tropicana Community Services, in partnership with Optiv, is launching CyberSecure Together—a FREE, hands-on, 8-week cyber security program designed for Black youth (ages 12–18) and seniors (55+). Whether you're just learning to navigate the digital world or already online every day, this intergenerational experience will teach you how to stay safe and smart online.

Why Join?

- Spotting and avoiding cyber threat actors
- Protecting your email and passwords
- Staying safe on social media
- Securing your mobile devices
- Real-world examples of how cybercrime works

What You'll Learn:

- Safe and supportive learning environment
- Fun and interactive sessions
- Meet new people across generations
- Build real-life digital confidence

Details
